Subject: April 27-30 TSCA Asbestos Review Meeting

Dear TSCA SACC Member,

Thank you for agreeing to serve on the April 27-30, 2020, Toxic Substances Control Act (TSCA) Science Advisory Committee on Chemicals (SACC) meeting to peer review EPA's draft risk evaluation of Asbestos. All of us at EPA are grateful for your service and hope you are well during these challenging times. The HERO versions of the supporting materials (i.e. risk evaluation document, charge questions, etc.) can be accessed via the following shared OneDrive folder:

https://usepa-my.sharepoint.com/:f/g/personal/knott_steven_epa_gov/EkqZMllyAAFDI0JdY8enBrcBbMGHDR_S2HTfEdSA63upw?e=OK7rov

For your convenience, the draft risk evaluation document and the draft charge questions from this folder are attached.

In addition, the documents are available on the OPPT website <https://www.epa.gov/assessing-and-managing-chemicals-under-tsca/draft-risk-evaluation-asbestos> and will be available in regulations.gov with docket ID number: EPA-HQ-OPPT-2019-0501.

There will be a preparatory virtual meeting on Tuesday, 4/7/2020 from 11:30 am to approximately 4:00 pm (EDT). The preparatory virtual meeting (Tuesday, 4/07/2020) will consist of a closed [to the public] **administrative session** from 11:30 pm – 1:00 pm [to orient committee members to the current SACC process], and the **open public meeting** is from 1:00 pm to approximately 4:00 pm (EDT) [providing an opportunity for any committee or public comments/questions in regards to the **scope and clarity** of the draft charge questions (only)]. Timing will depend on the number of pre-registered commenters, so we may end early. Please note the open public meeting will be conducted via webcast using Adobe Connect and the telephone.

The Adobe Connect Slides Presentation Login Site:
<https://epawebconferencing.acms.com/sciencereview>

The phone number and conference ID will be provided later this week.

Additional information on this meeting can be found at: <https://www.epa.gov/tsca-peer-review/peer-review-draft-risk-evaluation-asbestos>. You are not required to register for the virtual preparatory meeting. The phone number and conference ID will directly connect you to the virtual meeting session (Admin and Open meetings) without registering.

Additional information about the April 27-30, 2020 meeting will be provided as it becomes available.

While you are free to respond to inquiries from the press and others in your capacity as private citizens and experts, we ask that you do not discuss the specifics of the TSCA SACC deliberations with anyone except other TSCA SACC members until the Committee has completed its work, reached agreement on the meeting report, and released the report to the public. After the report is released, members may discuss the final recommendations with outside parties. You may refer any inquiries you receive to me at wong.diana-m@epa.gov.

If you have any questions about the meeting, please send email to me at wong.diana-m@epa.gov.

Thank you again for agreeing to serve on the peer review committee meeting for this session.

Best Regards,
